

DEMO 3

Configuration

How Hard Is Setup?

```
// claude_desktop_config.json

{
  "mcpServers": {
    "gleif": {
      "command": "gleif-mcp-server"
    },
    "playwright": {
      "command": "npx",
      "args": ["@anthropic/mcp-playwright"]
    }
  }
}
```

KEY TAKEAWAYS

- Just a JSON file
- Server name + command
- Add server, restart Claude
- No coding to USE an MCP
